Utility Savings Through Ralph J. Bunche Community Center, Inc.

Stream Energy

Ralph J. Bunche Community Center, Inc. has recently partnered with Stream Energy to assist in lowering our electrical costs. It is a **fundraising event** for the Center.

We are looking for as many as possible to check out our website and sign up and **save on your** electrical costs as well. BG&E and/or PEPCO will still be your primary electrical company – if there is ever a problem with the service, you will still call the primary company.

Stream Energy is providing a lower **kilowatt rate of 0.0888**, which is much lower than the BG&E and/or PEPCO kilowatt rate. This rate is a fixed rate for 2 years. After 2 years, you will get another rate.

Whatever rate is provided for Stream Energy customers, it will be lower than what BG&E and/or PEPCO offer. There are no switching fees, no deposits.

If each individual's home switched over to Stream, it **would not only lower their electrical rate but so many dollars of that savings would go to assist the Center with its renovation project.**
